Small space, Big balcony!

從新體驗曬衣的樂趣。

“Small space, Big balcony!” Can't stand the heaviness of the traditional clothes hanger and the space it takes up? New convention, Remote Cloth Hanger not only is it multi-functional, it is space saving, easy to use and improves your balcony space utility.

An ultrathin machine of 8 cm is installed onto the ceiling seamlessly, it does not consume a lot of space, making it very suitable for small apartments and small balcony.

“小空間也有大方便!” 受夠了傳統衣架的笨重與佔空間嗎? 新式多功能曬衣架不僅功能足、省空間、更靈巧, 給你陽台升級魔術大空間!

超薄8公分機身, 巧妙地安裝在天花板, 絲毫不佔空間, 非常適合小公寓、小陽台, 空間越小越好好要善用。

產品特色

Adopts the "intelligent energy conservation electric system" with overheating protection device installed.

"Remote Cloth Hanger" has a range of 120cm and the height can be adjusted according to the weather changes.

" Obstacle detection stopping device "; during descending if there are obstacles then the machine will shut down automatically to guarantee safety. This is a very reliable function.

Uses LED ultraviolet ray light technology, which reduces bacteria effectively through the ultraviolet ray and prevents disease.

It utilizes RF technology, non-directional remote control, with touch buttons to allow for easy adjustments of the height of the clothes hanger and the lighting, make it convenient and easy to use.

X伸縮架 (X-frames)

es pole)

LED energy-conservation lights, with handle gap style for quick and easy installation and it is set to shut down automatically after 2 hours.

Uses Taiwanese made 6063 aluminum alloy Main-body and clothes pole, the integrative stainless steel clothes pole with 56 pieces of wind-proof hook, allowing you to air dry your clothes the way you want.

Wire real , Due to apply impacted device to the concentrated real, it can place the steel wire rope in order an stop automatic when it run into obstacle, and improves its service life greatly.

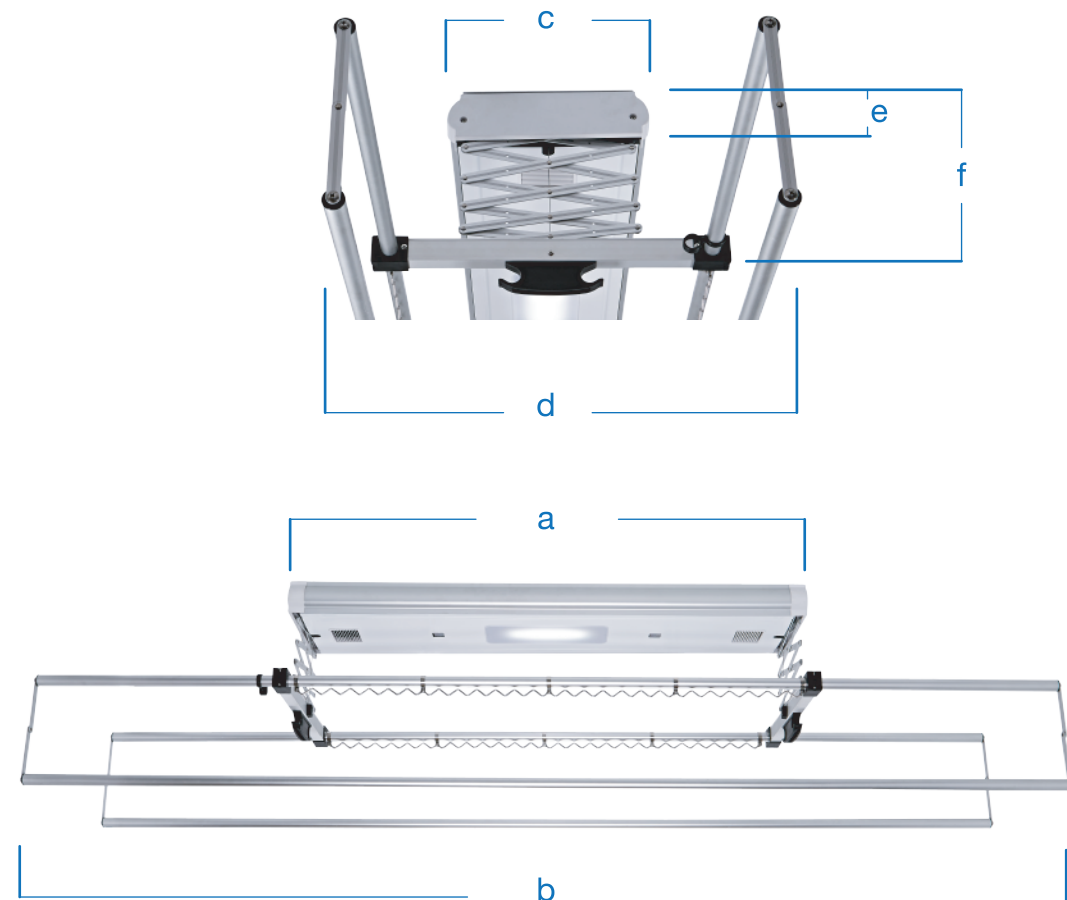

The wireless RF control technology when operated during long distance or at large angles will guarantee sensitivity and amaze you. The superior LCD monitor used has a humanized interface that is easy to operate, brighter and clearer.

優雅的設計,為了方便懸掛衣服,運用更多的可操作的空間,全鋁合金超薄機身的厚度,很合適安裝進您的家庭。

Make space for u
Elegant design , Fixed on the ceiling giving more workable
space on the floor for hanging clothes, Ultra thin thickness fits
well into your household ceiling.
